

Feedback Form for Revised Draft Constitution

Please use this form to share your association's input after reviewing the latest draft of the revised World YWCA Constitution. After hearing back from national associations, a final version will be developed and circulated to the movement in June 2006, for adoption at the Extraordinary World Council Meeting in July 2007. At the Extraordinary World Council, the Revised Constitution will be presented in two parts:

1. Preamble and Basis

2. All Remaining Sections

No amendments will be allowed, and each section must be accepted or rejected by the vote of the Extraordinary Council. Therefore, your association's feedback at this stage is most important in determining the final version to go before the Extraordinary Council.
